MEET THE NEW ADMINISTRATOR AT SPRING ARBOR ASSISTED LIVING CATINA LOWE

Please take a moment to meet Catina Lowe.

Catina is the newly named Administrator for Spring Arbor Assisted Living. She has been part of the Lloyd Ganton Retirement family for the last three years. Catina also serves as the Customer Relations, Business Development and Marketing coordinator for all of the Lloyd Ganton campuses. Catina earned her Bachelor of Arts degree from Spring Arbor University specializing in Management of Health Programs and she has attained her Master's degree from Sienna Heights University focusing on Health Care Administration. She has worked in health care for over 25 years. Catina's experience spans many disciplines from corporations, schools, community health, diabetic education, cardiac rehabilitation and senior living.

Catina grew up in Jackson, Michigan and loves her community. She has been married to her husband Dirk for 27 years and together they have three successful daughters. Catina looks forward to meeting each of the residents. Please feel free to reach out to her if she can be of assistance to you. Join me in welcoming Catina to Spring Arbor Assisted Living.

JANUARY RESIDENT OF THE MONTH

SUE LAKE

Sue Lake is the featured Resident of the Month for January 2022. Sue moved to Spring Arbor Assisted Living in June of 2021 after living at Arbor Woods.

Sue was born January 10, 1940 in Albion, Michigan. She is the sixth child of seven born to Harry and Genevieve Davis. Sue married Bernello "Bud" Lake on October 19, 1957. Married just 10 days before they both flew to Japan for two years, Bud was stationed there for the U.S. Air Force. Sue and Bud have two sons, Donald and Steven and one daughter, Darcy. While raising children, Sue attended Beauty School and after graduating went to work at a shop in Marshall. Sue gave up working outside the home after Steven was born to dedicate her time to raising her family. As all moms know the life of a mom is busy. Cooking and cleaning took up a lot of time and Sue enjoyed sewing, gardening, canning and studying genealogy. Sue has done some interesting things throughout her life: she painted a barn from the bucket of a tractor, she hand dug a basement carrying five gallon buckets of dirt up by hand and she knows how to make the lake clearer for ice fishing by putting sliced potatoes into the hole in the ice! Sue rejoined the work force after her children were grown and worked on the assembly line at a GM plant for 20 years until she retired. Sue's family has grown as well, she now has six grandchildren and six great grandchildren.
